East Granby Preschool & Family Resource Center Integrated Preschool

The East Granby Public School offers preschool classes for 3 & 4 year olds. All classes are intended for the East Granby resident whose child is not enrolled in a preschool program.

Our preschool classes implement a developmental approach to early learning which incorporates the *Connecticut Early Learning & Development Standards. (CT-ELDS)*

Children who are typically developing participate as peer models for children with special needs.

Center based learning experiences are intentionally designed with flexibility to facilitate cognitive, motor, social and creative growth at each child's individual level of development.

We believe these learning years are dynamic and that parents are their child's first teachers.

Therefore, collaboration with families is central to all preschool programming and parent involvement in training activities is highly encouraged. A parent educator services all families.

Classes are held in the preschool classrooms at Carl Allgrove Elementary School.
